

## 2016 Theodore H. Brodie Distinguished Safety Award

### Application Instructions

1. All National Insulation Association (NIA) Contractor, Distributor/Fabricator, Manufacturer (Associate), and Metal Building Laminator member companies in good standing are encouraged to apply using the application for their individual category. All applications are kept confidential. Please see application for eligibility details. If your company's 2017 dues have not been paid at the time of judging, your application will not be considered. No exceptions will be made.
2. All applications must be received no later than **January 31, 2017**. Incomplete applications, applications received after the deadline, and applications received without payment will not be considered.
3. Applications should be typed for legibility and ease of review. Unless requested, please do not attach your safety program; instead, please explain the program in your own words. Please keep the number and length of attachments to a minimum.
4. Recipients of the 2016 Theodore H. Brodie Distinguished Safety Award will be chosen on the basis of their overall safety program, means of communication and training, and company safety policy. Safety programs are not judged against other safety programs—only against an "ideal" program.
5. Please complete this application and submit it with a check for the \$250 application processing fee to the address below. Companies applying for the first time receive a discount of 50% and should send a check for \$125. All checks should be made payable to "National Insulation Association," not to Dunlevey, Mahan & Furry. Questions regarding the application process may be submitted to Aimee Doyle at [adoyle@insulation.org](mailto:adoyle@insulation.org).
