

Open Committee Meetings at NIA's Fall Summit

The heart of the members-only Fall Summit meeting is the active participation by attendees in highly targeted committee and forums to build up the mechanical insulation industry. If you've never attended a NIA committee meeting, we encourage you to get involved and participate.

During NIA's Fall Summit, please feel free to attend any of the following open committee meetings. You do not need to be a current or past committee member to participate in the meetings.

Associates Committee

Purpose: As manufacturers of products and services, the Associates strengthen and expand the insulation industry through education, technical assistance, and association membership growth.

Distributors/Fabricators Committee

Purpose: To promote the value of the distributor/fabricator to the mechanical insulation industry, help grow the industry, and provide ongoing education and training to the distributor/fabricator members.

Health & Safety Committee

Purpose: NIA is committed to the health, safety, and welfare of its members, customers, and the insulation industry. Through professional safety leadership, the committee will actively promote the highest standards of safety and health excellence to ensure a safe working environment.

Merit Contractors Committee

Purpose: To promote the growth of the industrial and commercial merit contractor through education, training, and network exchange.

Technical Information Committee

Purpose: To serve as a forum for identifying and addressing technical issues confronting NIA members and industry.

Union Contractors Committee

Purpose: To promote the growth of industrial and commercial union contractors through education, training, productivity enhancement, and strong union relations.

Young Professional Advisory Committee (YPAC)

YPAC is open to all NIA members who are 40 years old or younger, or who have been in the industry for less than 5 years.

Purpose: To offer a forum for young professionals to grow leadership skills, network with peers, gain industry information, and provide fresh insights and feedback to NIA management and the Board of Directors.
