Instructions:
Please complete this application and submit it with a check for the $250 application processing fee. (Note: The NIA Board of Directors has kept the application cost down as a benefit to NIA members. NIA underwrites a portion of this program to help keep the application fees low.) This form must be received no later than January 31, 2018, at the address below. Companies applying for the first time receive a discount of 50% and should send a check for $125. Please make checks payable to “National Insulation Association.”

Please do not attach your safety program to this application. Instead, please answer each question in your own words based on what is included in your safety program. UNLESS ATTACHMENTS OR COPIES OF YOUR PROGRAM ARE REQUESTED, THEY WILL NOT BE GRADED. Only NIA Contractor members are eligible to use this form. Contractor members must be members in good standing for this application to be considered (i.e., your company’s 2018 NIA membership dues must be paid in full by the time applications are judged). To check your company’s membership status, please email membership@insulation.org. Please note that no exceptions will be made to this requirement.

Please complete all information. (Incomplete applications and those without appropriate payment will not be considered.)

Section 1: General Information

This safety recognition program is intended only to evaluate components of the applicant’s safety program for best practices. We do not consider injury rates or Occupational Safety and Health Administration (OSHA) citations in our evaluation. Even a company with the best safety program can run afoul of OSHA if it does not implement and enforce the requirements, policies, and procedures in its safety program. NIA urges all applicants in our safety recognition program to consistently and fairly enforce the requirements and policies set out in the safety programs they submit for evaluation.

Winners of the Theodore H. Brodie Distinguished Safety Award will be chosen on the basis of their safety program, means of communication and training, and company safety policy. Safety programs are not judged against other safety programs—only against an “ideal” program. Winners will be announced and recognized during NIA’s 63rd Annual Convention, April 18–20, 2018, at the Hyatt Regency Grand Cypress, in Orlando, Florida. (See www.insulation.org/convention2018 for details.) Photographs will be taken of winners present and made available to award recipients upon request. The photos may also be used in NIA publications and marketing materials.
