

Join NIA for 2 free webinars on important topics to help educate our industry. These hour-long webinars will give you timely industry information in a convenient virtual format—no travel time or expense required. Additionally, 1.0 professional development hour (PDH) will be provided for participating in each webinar.

**The New OSHA Silica Standard**

**Date: Thursday, June 6, 2019 • Time: 1:00–2:00 p.m. EST**

The Occupational Safety and Health Administration (OSHA) has a new standard for addressing respirable crystalline silica. During this webinar, learn from Corporate Safety Manager Mike Hill about the new regulations, enforcement timelines, industry challenges, and the resources available to help your company with this new OSHA standard.

**IT Best Practices to Protect Your Business**

**Date: Thursday, October 17, 2019 • Time: 1:00–2:00 p.m. EST**

Technology has helped us in increasing efficiency and the bottom line with our businesses. However, we often overlook the risks associated with technology in this rapidly evolving landscape. Educate yourself on current IT best practices that you should be implementing at your business to protect your company’s data and reputation. Focus will be set on the 4 core topics of internet, security, data, and email.
