

## NIA Announces the 2022 Premier Industry Manufacturers

Herndon, Virginia—March 31, 2022— The National Insulation Association (NIA) is proud to honor the winners of the 2022 Premier Industry Manufacturer Awards, which were announced in conjunction with NIA’s 66<sup>th</sup> Annual Convention, March 30–April 1, 2022, in San Antonio, Texas.

### The 2022 Premier Industry Manufacturers are:

Armacell  
Johns Manville  
Knauf Insulation, Inc.  
Owens Corning

This award was first presented in 2019 to recognize and distinguish exemplary insulation manufacturing companies as industry advocates and leaders. Available exclusively to NIA member companies, the award rewards Associate (Manufacturer) members for their actions, which demonstrate leadership, commitment, and support to the mechanical insulation industry and NIA. Each of the winning companies participated in activities and actions that support NIA and the industry. Through this program, NIA’s Associate members demonstrate to customers that their company is a recognized leader amongst their peers.

“Congratulations to these four leading companies!” said Michele M. Jones, NIA’s Executive Vice President/CEO. “These NIA member companies lead by example and raise awareness of the power of insulation. They support NIA’s mission and objectives through their actions and commitment. We look forward to promoting them all throughout 2022.”
