NORTH AMERICAN COMMERCIAL & INDUSTRIAL **INSULATION STANDARDS**

The *North American Commercial & Industrial Insulation Standards* manual is developed by the Midwest Insulation Contractors Association (MICA) to serve as a useful resource for commercial and industrial insulation professionals. Widely accepted as industry standards, the manual is a "must-have" guide for contractors, engineers, architects, and specifiers.

This latest edition includes: updates to existing plates, several new plates, a new flashing section, and updated information for material specifications and standards. The 10th Edition is available both in printed and interactive PDF versions. The digital version includes the manual in a PDF eBook plus the 126 MICA Insulation Plates in an interactive format useful for job submittals. Each version is a one-time cost.
